

**WE DO  
AMAZING  
THINGS!**

**...WELCOME TO TT ELECTRONICS**

“Take a closer look at TT and you’ll soon discover that the most important things we offer aren’t manufactured”

**Peter France**  
CEO - TT Electronics

**OUR PURPOSE:**

Solving Technology Challenges for a Sustainable World...

TT Electronics engineers advanced electronics that benefit the planet and people for future generations. We do this by designing, manufacturing and working in a way that is cleaner, smarter and healthier.

**TT AT A GLANCE:**

**TT ELECTRONICS**  
ORIGINALLY  
DATES BACK TO **1812**

**£617M** 2021 GROUP  
REVENUE

**4700** GLOBAL  
EMPLOYEES

**24** WORLDWIDE  
LOCATIONS

**OUR MARKETS**

TT Electronics works with market-leading customers in the healthcare, aerospace & defence, and automation & electrification sectors.

**HEALTHCARE**

- Advanced Surgical Devices
- Imaging and Direct Patient Care
- Laboratory Automation & Diagnostics

**AEROSPACE & DEFENCE**

- Commercial & Military Aircraft
- Space & Satellite
- Defence Systems & Vehicles

**AUTOMATION & ELECTRIFICATION**

- Automation & Control
- Energy & Smart Devices
- Infrastructure

“TT has been a strong strategic partner to CASCO for over ten years. They always approach each project with professional expertise and a high level of collaboration.”

Vice President Operations | Casco

**OUR CAPABILITIES**

**Power and Connectivity**

The Power and Connectivity division designs and manufactures high-performance power application products and connectivity devices. We collaborate with our customers to develop innovative solutions to optimise their electronic systems.

- Power Conversion
- Electromagnetics
- Electromagnetic Tracking
- Microelectronics
- Connectors
- Power Supplies
- Connectivity
- Human Machine Interface

**Global Manufacturing Solutions**

The Global Manufacturing Solutions division provides low volume, high mix electronic manufacturing services for high reliability markets. We are vertically integrated, delivering agile and scalable solutions underpinned by new product introduction support, design for excellence and proactive supply chain services from our global facilities.

- Manufacturing Services
- New Product Introduction
- Engineering & DFX
- PCBA
- Box Build & HLA
- Cable & Harness Assembly
- Supply Chain Management

**Sensors and Specialist Components**

The Sensors and Specialist Components division works with customers to develop standard and customised solutions including sensors and power management devices. Our solutions improve the precision, speed and reliability of critical aspects of our customers’ applications.

- Optoelectronics
- Flow Sensors
- Pressure Sensors
- Temperature Sensors
- Encoders
- Potentiometers
- Resistors

## TT ELECTRONICS:

Listed on the London Stock Exchange (TTG.L) with headquarters in Woking, U.K., TT Electronics employs around 4,700 staff with sales, engineering and manufacturing sites across the U.K., Europe, North America and Asia - positioning the organisation well to serve its global customer base. We work with market-leading customers to provide value-added solutions to the healthcare, aerospace & defence and automation & electrification sectors.

## THERE FOR YOU, WHEREVER YOU ARE...

TT Electronics operates globally from 25 locations

### North America

Boston, US  
Cleveland, US  
Dallas, US  
Juarez, MX  
Loveland, US

Mexicali, MX  
Minneapolis, US  
Kansas City, US  
Philadelphia, US

### UK & Europe

Abercynon, UK  
Barnstaple, UK  
Bedlington, UK  
Cardiff, UK  
Eastleigh, UK

Fairford, UK  
Hartlepool, UK  
Nottingham, UK  
Oldham, UK  
Sheffield, UK  
Woking, UK

### APAC

Dongguan, China  
Hong Kong  
Kuantan, Malaysia  
Singapore  
Suzhou, China
