

Custom Optoelectronics Quick Quote Program

**TT Electronics' Optek brand
can return custom quotes in
48 hours or less.**

Customization requests eligible for Quick Quote Program:

- Basic electrical changes including binning, burn in and temp testing
- Simple mechanical changes such as trim and form leads, wire length and type and a variety of connector options
- Minimal housing modifications which do not affect electrical performance (height, mounting tab size and location)
- Nominal changes to high reliability testing conditions
- UL testing and recognition

Are you ready for a quick quote? Contact your local inside sales representative.
